

Aquatic Species Restoration Plan Project Development Area of Interest Proposal Form

In order to identify appropriate areas of interest for Aquatic Species Restoration Plan (ASRP) project development funding, eligible ASRP project sponsors are to submit a proposal outlining the need and program fit for ASRP investment in an area of interest. Submit this form to the respective Regional Implementation Team (RIT) Lead at least 1 week prior to their monthly meeting. The RIT will use this form during the meeting to identify if this proposal represents a regional priority to move forward for potential project development funding.

See the [ASRP Implementation Overview document](#) (pgs. 8–11) for guidance and requirements on project development initiatives.

Submit form to RIT Lead prior to RIT meeting.

Middle Basin: Kiana Sinner, KSinner@thurstoncd.com

Lower Basin: Anthony Waldrop, anthony.waldrop@graysharborcd.org

Project Contact Information

Name and Organization:

Email:

Phone Number:

Location of Interest

Priority geospatial unit(s) (GSU[s]); use GSU names from Attachment A:

Describe area of interest within GSU and why you have identified this as a location for project development:

Types of Project Actions Sought for Development

Describe identified actions of interest for ASRP implementation in this area:

Alignment with Funding Guidance

Describe alignment of identified actions of interest for project development in this area with [current biennium funding guidance](#):

Landowners and Land Use

Describe number of landowners (parcels), predominant land uses, and general zoning pattern for area of interest. Describe any known challenges or impediments to successful project development in this area:

Previous/Ongoing Project Development

Describe any known previous or ongoing natural resource-related project development in this area and how ASRP funding for your proposed project development will be additive:

Collaborations

Describe any potential collaborations with other sponsors, government entities, businesses, community groups, etc.:

Proposed Timeline

Describe the expected timeline to produce identified deliverables:

Proposed Budget
